Work experience

ABERDEEN STANDARD INVESTMENTS

Mar 2018 - (current)

Web Developer

Contractor in a digital team, working on a digital content migration project.

Using Agile sprints and Sitecore, creating and publishing ASI digital content using Sitecore CMS. Dealing with digital requests, amends, campaigns and BAU tasks. Making sure project or task status is up to date and trackable. Working close with marketing and compliance teams to meet the requirements and standards.

Tools used in role: Sitecore, OpenText, DH, Visual Studio, HTML, CSS, jQuery.

COHAESUS

Oct 2015 - Mar 2018

Web Developer

Junior Front End developer, within a multi-discipline, technical delivery agency. The role focussed on implementing web based software solutions in HTML5, CSS, Javascript frameworks to reach the expected client requirements, across various core technologies such as .Net, Php and Shopify.

In addition to this I held the responsibilities of project administration and website content management tasks. Dealing directly with clients, both in person and remotely, monitoring projects, managing the Agile production process in close conjunction with designers and the UX production team to ensure projects met with the expected requirements.

Client placements while in Cohaesus:

Tesco Bank

Web content publisher

Creating and publishing Tesco Bank digital content using Teamsite CMS. Dealing with stakeholder requests, making sure the project status and reporting was up to date and required actions are taken by the development team as required.

Krow Communications

HTML5 banners developer (DoubleClick)

Creating, testing and publishing HTML5 banners using Doubleclick studio. Making sure animations, frames and exit links are matching required designs. Holding Google doubleclick HTML5 and doubleclick QA certifications.

VML

HTML email developer

Creating responsive HTML emails, testing and publishing using Litmus, Exact Target and Email Studio. Making sure email reflects the given browser support and designs or other requirements..

Technologies utilised in role:

HTML, CSS, Media Queries, Javascript, React, Webpack, Gulp, jQuery, Teamsite, Exact Target, Jira, Fogbugz, Sitecore, Email Studio, Photoshop, Doubleclick and etc.

BUPA UK

Sep 2014 - Jun 2015

Digital Content Editor

Creating and editing web pages in Sitecore CMS, updating and optimising Bupa's website to meet the latest requirements. Ensure PDFs are labelled correctly, have appropriate file sizes, and are tagged for accessibility. Work through accessibility and usability issues via Active Standards to ensure the Bupa websites meet appropriate standards of accreditation. Assist with User Acceptance Testing of new projects, comparing developments against requirements.

Tools used in role: Sitecore, Jahia, Photoshop, Adobe Acrobat Professional, Microsoft Office (Outlook, Word, Excel, Power Point), Active Standards, Visual Studio, Trello, HTML, CSS.

Aspers Casino UK

Jun 2012 - Aug 2014

Croupier

Providing customer service, performing technical and functional gaming duties as per the regulations of casino managements. Manage table games and customers data, pay and take bets, exchange cash for tokens and chips.

Tools used in role: R-Keeper, CDT app.

Technological skills

CMS: Teamsite, Sitecore, Wordpress, Jahia, OpenText

Design: Sketch, Adobe Photoshop

Project Administration: Google drive, Teamgantt, Trello, Microsoft Office

Tools: Github, Sublime, Notepad ++, Fogbugz, Visual Studio

Front-End frameworks and tools: HTML, CSS, JavaScript, jQuery, React, Git, Bootstrap, Gulp, Grunt, Laravel, D3.js, Heroku, Socket.io, Handlebars, Exact Target, Doubleclick, Sharepoint, Shopify, Heroku, SQL, Laravel, Foundation

Interests

I enjoy travelling and exploring new places. I feel like travelling gives me a lot of new insight into different cultures and into different people with different backgrounds feeding my highly intuitive nature. Visiting art galleries and exhibitions inspires my creativity for painting and drawing. I really enjoy being active especially outdoor recreational sports such as badminton and volleyball. I also participate in life drawing and developers meetups.

Other

UK driving licence, Holder of PFL (Personal Functional License) - last renewed 2014.
